

## Network Opportunities.

**Bringing you the latest merger and acquisition opportunities.**

As we move into July and the height of summer, the M&A market continues to show promising signs of growth, with both challenges and exciting opportunities for owner-managed businesses.

The second quarter of 2025 has seen sustained investor interest, particularly in businesses that have laid the groundwork for a successful exit. With the summer months upon us, many buyers and sellers are looking to capitalise on the market's momentum before the traditional slowdown in August. This mid-year point is a great opportunity to reassess your clients' positions, ensuring they are ready for any opportunities that may arise in the second half of the year.

In this edition, we share some of the latest developments from across our network, showcasing recent deals and the ongoing value of early-stage exit planning. These success stories highlight the importance of proactive preparation and expert guidance in navigating the evolving market. As always, we welcome your insights and updates—please don't hesitate to reach out and share your experiences.

Kirsty McGregor, Chairman

## Businesses for Sale

### Construction & Waste Management

#### C118 - Major road marking contractor

Project Ibis. Leading line and road marking business with national reach. Contract customers incl blue-chip companies. Turnover c.£10m, GP c.25%. Strong 2nd tier mgmt, business well positioned to scale further. Contact [info@TheCFN.org.uk](mailto:info@TheCFN.org.uk)

#### C116 - Drainage solutions

Project Juniper. Currently generating £1m annual revenue and highly profitable, delivering 50% adjusted EBITDA margin. Repeat sales and profitability with opportunity for further growth. Retirement Sale. For further details please contact Matthew Chandler: [matthew.chandler@albertgoodman.co.uk](mailto:matthew.chandler@albertgoodman.co.uk)

### Engineering

#### E210 - Facilities for building, restoring and testing services for all types of high-performance engines

For 40 years, the Company has provided a specialist facility for building, restoring and testing classic, historic and current high-performance engines. It is one of the few facilities in the country having the in-house facilities to test all types of engines All engines are meticulously built and tested by a highly skilled and experienced workforce.

The Company is renowned for its quality and attention to the finest detail. The specialist knowledge amongst both the owners and workforce, quality of workmanship and ethics make it stand out as a professionally run business. There is a broader effort to transition away from fossil fuels and reduce greenhouse gas emissions.

In 2026 Formula 1 engines will be fuelled with man-made fuel rather than traditional varieties. It is likely these requirements will pass across to motor sport soon after. Several prominent institutions and initiatives are already involved in the testing of man-made fuels. This acquisition will provide the opportunity to be part of this movement. Turnover for the year to December 2023 was £470,000 (2022: £424,000).

The shareholders, being the directors, know the Company's facility can be increased thus presenting a buyer with an opportunity to increase the capacity to provide more services to existing customers and to market the existing services to new customers. They also have a desire to move onto the next stage of their lives by enjoying more time with their family once the integration period has been completed.

For further details please contact Andrew Watkin [awatkin@assyntcf.co.uk](mailto:awatkin@assyntcf.co.uk) where a Fact Sheet and Confidential Information Memorandum is available.

### Manufacturing & Supply

#### M258 - Manufacturers of pre-cast concrete
